BACKGROUND

A little bit about me
 I came from a background of racing Motocross since I was 13 but have pretty much loved anything with two wheels! I was sadly in a motorcycle accident on June 19, 2022, which left me paralyzed from the waist down. That was an experience of a lifetime, that no one wishes for. But, despite everything On October 22, 2022, I was the first paralyzed female to road race in the United States. Then in 2023, I finished 1st in nine different regions/classes with the Wera Motorcycle Road Racing Championships. I aspire to become the first paralyzed female to race Moto America, proving that you don't need functioning legs to show your passion, talent, and drive to go after your dreams no matter what happens to you in life. When life gives you asphalt, you give it full throttle.

CAREER HIGHLIGHTS

Date	Event	Class	Result
2024	WERA National Challenge	E SS Expert	1st
2024	Atlantic Coastal Champion	F SS Expert	2nd
2024	Atlantic Coastal Champion	E SS Expert	1st
